

India's Health @ 2047

A Display Show and Symposium on Health

Infra Medi 2.0

Medical innovation for Better & Healthy Tomorrow

1st May 2026

Desire Hall - Le Meridien, New Delhi

About the Display Show and Symposium

The Expo and Symposium provide a dynamic platform for networking, collaboration, and innovation within India's Medical, Healthcare, Ayurveda and Science & Technology sectors, with promising global outreach. Bringing together start-ups, MSMEs, innovative entrepreneurs, R&D institutions, incubators, public and private hospitals, health insurance promoters, investors, academia, state governments, and policy-makers, the event fosters meaningful partnerships across the ecosystem.

Centered on the theme "Advancing Technologies," and guided by the pillars of Knowledge, Experience, and Networking, the platform showcases India's growing medical devices and healthcare innovation landscape. It also serves as a forum for expert discussions on past achievements, present challenges, and future opportunities—helping shape a progressive and technology-driven healthcare future for the nation.

Medical Technologies That Are Transforming Healthcare Today

Organization Profile

Visual Myths, a Delhi based organization in Bharat (India) registered with Niti Ayog (DARPAN) & MSME. We are associated closely with various government authorities where we have consistently delivered successful value-added services through events like Seminars, Conferences, Exhibition and creative effect solutions for digital developments. We work with a vision to create value at all levels that help build a technological Infrastructure to combat global competition through business ethics and fair dealing. We work in a conducive culture that delivers the highest standards in the industry- something that the MSME sector is also based on.

Main Focus of the Display Show and Symposium

Infra Medi 2.0 is envisioned as a premier platform dedicated to forging new connections and reinforcing existing partnerships across the healthcare ecosystem, with participation from leading national and international organisations.

Focused on driving innovation and collaboration, the event will facilitate meaningful interactions among manufacturers, healthcare providers, researchers, investors, start-ups, and policy-makers. Through knowledge-sharing sessions, strategic discussions, and the Display Show and Symposium, the platform will foster an engaging environment where ideas evolve into impactful partnerships and promising business opportunities.

More than a showcase of cutting-edge medical and healthcare technologies, Infra Medi 2.0 will serve as a catalyst for sector-wide synergy—promoting strategic alliances, expanding market outreach, and collectively advancing the quality of healthcare delivery and patient outcomes.
